Dear fellow Americans, It is time to discredit the Establishment politicians.

- ↓ 75% of eligible voters will not vote for the next American President
- ↓ 81% find either major party choice frightening
- ↓ 63% find the two-party candidates dishonest & untrustworthy
- ↓ Over 70% did not vote for previous Democrat or Republican Presidents.
- ↓ The two party system is propped up by a flawed voting process

Take these three steps America to restore democracy to our nation:

1 Read the Declaration of Democracy that follows, then sign it at: https://www.change.org/p/sign-the-declarationofdemocracy-petition-to-end-the-political-establishment-s-monopoly-on-power

2 Stop voting for the lesser of two evils, go to the polls, pin your voter registration cards to your clothing to show the media and public you are legit, then make a poster or T-shirt to display at all elections...

I'm a registered voter asking you to boycott both major party Presidential candidates.

OurVoiceParty.org

3 On Election Day, report the percent of eligible voters that backed local, state, and national candidates to www.OurVoiceParty.org

Then build on public awareness of the boycott by using this common bumper sticker template to display various election results that matter in your community.

24%
President Trump
